

August 26, 2011

Dear Bullard Respiratory Protection Distributor:

Bullard is announcing a change to the CC20 Series of Tychem® QC and Tychem® SL hood style respirators. Effective September 1st, any SKU with the suffix H, which indicates its use with hard hats, will now also include buttons. These buttons allow the user to install a suspension headband, if desired, and allows customers to standardize to a single SKU for use with headband suspension or hard hat. Pricing has not changed; however, some slow-moving SKUs have been eliminated.

Below we list the changes made to any affected SKUs:

<u>Part Number</u>	<u>Description</u>	<u>September 1, 2011 Change</u>
20SICH	HOOD, 20 SICH	Suspension Buttons Added
20SICHHC30R	HOOD,20SICH W/C30R RATCHET	Suspension Buttons Added
