

EVA

EVOLUTIONARY AIR

for tight fitting masks

EVA represents the latest in cutting-edge Powered Air-Purifying Respirator (PAPR) technology and design. Offering workers a 1,000 Assigned Protection Factor and a comfortable and reliable respirator system, EVA was engineered with direct input from end-users and experts from the field.

RELIABLE, EASY-TO-USE TECHNOLOGY

VISUAL FUEL GAUGE The easy to read fuel gauge displays remaining battery capacity at a glance. Wearers can check battery status at any time while using EVA.

ACTIVE FLOW TECHNOLOGY™ Another innovation from Bullard, Active Flow Technology automatically responds to a worker's need for more or less air flow. This intelligent system is continuously working to maintain constant air flow, regardless of filter type, hood type, filter loading, or battery capacity.

INTEGRATED ALARMS Two distinct audible alarms notify wearers of low battery and low air flow. These alarms are designed so the sound of the alarm travels through the breathing tube directly to the wearer's ear.

VERSATILITY EVA is designed for use with Bullard Spectrum® Series full facepiece, FAMB Half Mask, GR50 Series grinding hoods, and CC20 Series and RT Series Hoods made from DuPont™ Tychem®, offering extreme versatility. Uses for EVA include pharmaceutical manufacturing, healthcare, mold remediation, painting, coatings, welding, grinding and more.

SINGLE COMBINATION FILTER EVA offers a single combination filter for easy use. While other manufacturers' PAPRs may require up to three combination filters, EVA makes it simple, with an easy-to-install combination filter.

FILTER LOCKING TAB EVA helps ensure positive filter installation with a single click. The filter locking tab notifies the user that the filter is in place with both a visual indication and audible click.

DESIGNED FOR COMFORT

DISTINCTIVE ERGONOMIC DESIGN The streamlined form factor of EVA makes it lightweight, eliminates bulky corners that can dig into the wearer's back and balances the unit's weight for maximum comfort.

SUPER QUIET OPERATION The ultimate in quiet operation, the EVA blower eliminates the hum and noise experienced with other PAPRs.

CONTOURED BELT This dual purpose belt incorporates the best features of both decon and comfort belts. Developed to offer both generous padding and easy decon, the contoured belt is made of closed-cell chemically-resistant foam and features a contoured design for extra comfort.

TWO-SPEED OPERATION EVA features a two-speed blower, allowing the user to choose more or less cooling and air flow.

EXPERTISE, PROTECTION AND VERSATILITY

ASSIGNED PROTECTION FACTOR Recent changes in Permissible Exposure Limits (PEL) now require welding materials to have a higher APF. The EVA with the FAMB half mask provides 5x the assigned protection of a traditional APR (50 vs 10). For other applications where an APF of 1000 is required, the EVA can be configured with the Spectrum Series Full Face Mask. Bullard provides up-to-date third party testing to customers, providing documentation that is scientifically valid and legally defensible.

LOW PROFILE Bullard face masks offer a low profile design, allowing greater mobility in tight spaces. FAMB masks are engineered with an extra-low profile in order to accommodate a worker's favorite welding helmet.

VISIBILITY Low-profile facepieces allow a wide field of vision and easily accommodates worker's wearing prescription glasses. Spectrum is designed with an optically correct lens that provides unparalleled peripheral vision.

DURABILITY EVA is powered by a long-lasting 10,000-hour brushless motor. Unlike other motors that can quickly wear out, this durable brushless motor is designed for long-term reliable use.

Catalog Number Description

Full Face Systems

EVASPECL	PAPR system, EVA blower, battery, charger, breathing tube, PASPECL
EVASPECM	PAPR system, EVA blower, battery, charger, breathing tube, PASPECM

Half Mask Systems

EVAFAML	PAPR system, EVA blower, battery, charger, breathing tube, FAM2L
EVAFAMM	PAPR system, EVA blower, battery, charger, breathing tube, FAM2M
EVAFAMS	PAPR system, EVA blower, battery, charger, breathing tube, FAM2S

Blower Assemblies

EVA1	Blower Unit Only, EVA
EVA5	PAPR system, EVA blower, battery, charger, no filter
EVA6	PAPR system, EVA blower, battery, no charger, no filter
EVA7	EVA6, plus HE Filter

Replacement Batteries & Chargers

EVABAT2	Battery (green), EVA 7-8 hour for masks
EVASMC	Charger, EVA, single port
EVASMC2	Charger, EVA, single port analyzer
EVAGC	Charger, EVA, 6 port gang

Replacement Filter Cartridges

PAPRFC3	Filter, HEPA, EVA (6 pack)
PAPRFC4	Filter, OVAGHE, EVA (6 pack)
PAPRSC2	Shower cap, EVA HE (3 pack)

PAPRSC3	Shower cap, EVA OVAGHE (3 pack)
PAPRPF2	Pre-Filter, EVA OVAGHE (120/PK)
PAPRPFCOVER2	Pre-Filter retainer, EVA OVAHE (3/pack)

Replacement Breathing Tubes

PA4BT	Breathing tube assembly for full facepiece - standard length
PAFAMBT	Breathing tube assembly for half mask

Replacement Parts & Accessories

EVABELT1	Belt
EVABELT2	Vinyl Belt
EVAEXT1	Belt extender
PAPRSUSP1	PAPR suspenders
EVALLKIT	Lever lock kit
PA4AFI	Air flow indicator
AFW45	Anti-fog lens wipes (10/pack) for Spectrum full facepiece
PAPRBAG	Vinyl duffel
PPEBAG	Rolling duffel
LC	Mylar Lens Covers for Spectrum (package of 25)

Replacement Masks

PASPECLM	Replacement Spectrum full facepiece med/large
PASPECS	Replacement Spectrum full facepiece small
FAM2L	Replacement FAMB2 half mask large
FAM2M	Replacement FAMB2 half mask medium
FAM2S	Replacement FAMB2 half mask small
